Message from the President

Ken Doizaki

It is that time of the year again for renewing your membership for the next year. I would like to point out that if you do not renew prior to January 1, 2006, NCGA will pull your scores off of the system at the end of December and there is a possibility that you will lose all of your recorded scores and will have to start with a new card and number after the first of the new year. So if you wish to retain your current card numbers and recorded scores, please renew no later than the middle of December 15th.

The renewal form can be downloaded from our website. Please fill out everything on the form even if you are a current member of the club, and especially the birthday and E-mail address if you have one because most of the notification of tournaments is done by E-mail.

If you know of a person who would like to join the club please give them a copy of the membership application to fill out.
